French Baccalaureate, with Honors

Specializations: Economics & Social Sciences, Computer Science

Bellevue High School, WA

2021 – 2023

Courses include: AP Computer Science, Entrepreneurship, Accounting, Personal Finance

Experience

Vaulcuse Wine Cooperatives (temp agency assignment)

Summer 2026

Production Line Operator – Bottling & Palletizing

- Bottled and palletized wine for Luberon and Châteauneuf-du-Pape producers, processing upwards of 25,000 bottles/day
- Maintained quality control standards across full shifts in a fast-paced production environment
- Built strong discipline in punctuality, attendance, and endurance under time pressure, working with rotating teams

LAFORÊT Real Estate

Jan. 2026 – Feb. 2026

Real Estate Agency Assistant (internship)

- Managed a portfolio of 25+ clients
- Carried out 10+ property valuations
- Supported transaction follow-up and administrative case management
- Analyzed and structured commercial data
- Built automated Excel trackers for activity monitoring
- Developed a tool to track team performance
- Improved internal reporting and data readability

Projects

DCF Valuation – LVMH

July 2026

Personal project (in English)

- Built a 5-year valuation model based on public financial data (revenue, capex, net debt)
- In-depth analysis of the group's growth and operating profitability
- Calculated WACC and applied a terminal growth rate to determine a valuation range
- Assessed the model's sensitivity to key growth and discount rate assumptions

Financial Analysis of a Fictional Company

January 2026

Personal project (in French)

- Built a financial model in Excel with 3 scenarios (Base / Optimistic / Pessimistic)
- Revenue and expense projections based on volume, price, and operating margin assumptions
- Modeled the income statement: from revenue down to EBIT, NOPAT, and free cash flow
- Summary dashboard: analysis of key KPIs (growth, EBIT margin, EBITDA, CAGR)

Skills

Finance: Financial analysis, valuation, accounting, financial mathematics

Tools: Advanced Excel (formulas, automation, dashboards, data analysis, pivot tables), Python (basics: yfinance, matplotlib, pandas), PowerPoint, Canva, Word

Languages: English (native), French (bilingual), German (beginner), Chinese (beginner)

Leadership

Class Representative

- Represented students with the teaching staff
- Coordinated and relayed information within the class

Interests

Stock Market | Hiking | Skiing | International Travel
